

BTSS RESOURCE PACK

A helpful guide for patients and caregivers new to Brain Tumours

BRAIN TUMOUR DIAGNOSIS

Being diagnosed with a brain tumour often takes one by surprise.
Thoughts and questions begin to fill your mind.

Kindly allow us to introduce ourselves, how we can be of help to you
and also share about the journey of our brain tumour patients.

WHO ARE WE?

We are a community of brain tumour patients, caregivers and friends who come together from all walks of life and many different circumstances to support and help each other in our journeys so that no one with a brain tumour would walk alone.

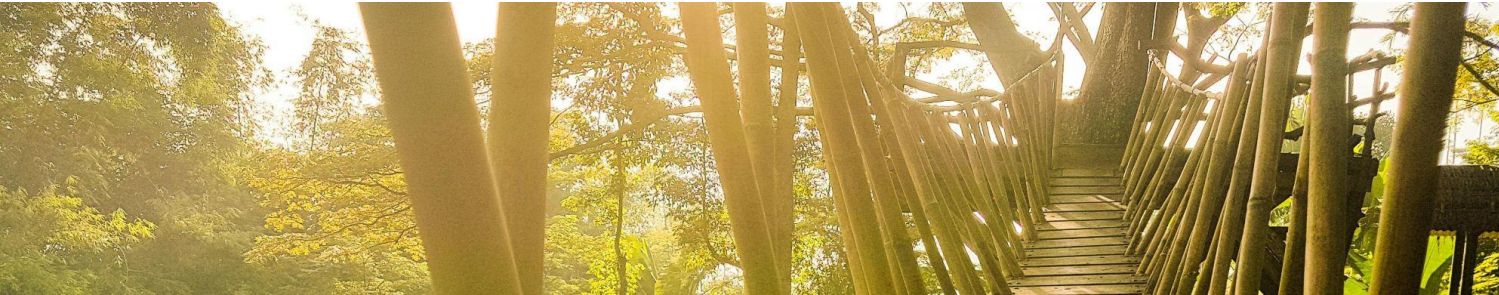

Established in March 2014, BTSS was accorded Institution of Public Character (IPC) status by the Ministry of Health on 8 June 2022.

WHY BTSS?

The diagnosis of a brain tumour can be devastating. BTSS patients and caregivers understand this first-hand. We want to share our experience and knowledge to help patients and families at every stage – from the diagnosis to the treatment, rehabilitation and assimilation back to society.

HOW WE CAN HELP

- Provide moral and resource support to brain tumour patients and caregivers
- Provide patient education to better inform brain tumour patients and caregivers
- Advocate for better information, welfare, medical treatment and institutional care on behalf of brain tumour patients and caregivers
- Raise public awareness of brain tumours and their effects on patients and the consequent understanding and support that is required from the public, including employers, media and government
- Raise monies to support the causes of the Society

PROGRAMMES & SERVICES

- Monthly Support Group Meetings
- Befriending: with another member from our community
- Financial Assistance: Welfare Grant and Tuition Grant
- Counselling with our partners at Singapore Cancer Society and The Other Clinic

BTSS DOES NOT:

- Provide medical advice and consultation services
- Evaluate medical professionals or hospitals
- Promote products and services, example: MLM healthcare products
- Impose our experiences and beliefs on others
